

PUBLIC SCHOOL INITIATIVE

Continued from Page 1

conduct a course that teaches them how to study better for long-term benefits. We have set up a work-based learning program to mentor students in the work place and show them what the civil service work environment is all about.

We are engaged in connecting activities, such as community service projects, to contribute to positive relationships.

All of these themes can only continue to be a success with volunteers willing to make a difference in the lives of today's students and the future of employment on Kirtland AFB.

Both Del Norte and Highland High Schools have courses of study to prepare their students for higher education and career pathways. We are partnering with the schools to ensure students know that public

service is an option, regardless of profession or vocation.

Many of these high school students could be future employees of Kirtland AFB, DOD or one of the many other civil service agencies.

The atmosphere is nothing short of excitement as ideas are presented to open avenues for better and expanded collaboration between Kirtland AFB and APS, all working together to ensure students secure the best future.

If you would like to help with this important partnership initiative, please contact Maj. Lisa McColgan, Lisa.McColgan@Kirtland.af.mil, 846-7296 or Capt. Ryan Hurt, William.Hurt@Kirtland.af.mil, 846-6182.

Be part of the solution. Help yourself, help your family, and help your community.

Servicemembers can apply for expedited citizenship

Foreign-born service members can now speed up the American citizenship process.

The immediate eligibility for service members to become a naturalized citizen is based on Section 329 of the 8 U.S. Code, which allows the president to authorize expedited citizenship during periods in which the United States is en-

gaged in armed conflict with a hostile foreign force.

Members who have served honorably for any period of time beginning on or after Sept. 11, 2001, are eligible to apply for citizenship.

The peacetime waiting period is shortened to one year of honorable service.

Effective Oct. 1, the new

law allows for U.S. citizenship applications to be finalized at U.S. embassies, consulates and selected military installations overseas, to include citizenship interviews, testing, and oaths of allegiance. Also effective Oct. 1, the new law waives the \$310 citizenship application and fingerprint fee.
